Graphics

1. The ad hoc committee established for consideration of graphics for Section 19 has held three meetings to date -- on 9 May 1958, 29 July 1958, and 6 October 1958. Minutes of these meetings have been forwarded for your information.

2. The committee has examined graphics submitted by the Army and Navy and has approved the following types for consideration in the preparation of each Section 19: 1) a topographic coverage graphic showing the areas covered by adequate topographic maps at large, medium, and small scales; 2) a generalized graphic showing the coverage and adequacy of hydrographic chart coverage; and 3) a composite graphic showing areas in which geodetic control is adequate for compilation of large- and medium-scale maps and the coverage of aerial photography adequate for stereophotogrammetric mapping.

3. The advisability of including a graphic illustrating aeronautical chart coverage is still under consideration and will be discussed at a later meeting.

4. Two graphics will be submitted to OBI in November with the coordinated text of Section 19 of NIS 42A.
